Our swimming lessons

Our classes start from parent and baby discovery ducklings lessons for children aged from 12 months, which will eventually lead to our ducklings and stage 1 lessons of our Learn to Swim programme.

Our swimming lessons follow the Swim England Learn to Swim pathway to provide quality assured and structured lessons.

All our lessons are delivered by highly qualified and motivated staff in a safe and fun environment.

We offer autism friendly lessons with specialised classes where we aim to provide a calm and relaxing environment for children to learn this important life still. All lessons are led by instructors trained to support children with additional needs.

One-to-one lessons are also available if you feel your child would benefit from one on one work with an instructor to improve their abilities and skills.

Rookie Lifeguard

The course is great fun – based around water safety you learn how to keep yourself safe if you fall into water but also how to perform rescues to save others too. You also get to learn bits around first aid and CPR.
