*Be within arms reach and able to provide immediate assistance.

The ratio of parent supervision for all children under eight should be 1:2. This ratio can be increased to 1:3 for the small pool and the main pool up to 1.2m water depth when a third non-swimmer child wears approved flotation aids carrying the CEN mark.

Quiet Sessions

Our leisure centres offer quieter sessions for our swimmers. This is an opportunity to swim without music but does not guarantee silence from other users in this shared environment. These sessions can be ideal for anyone who experiences sensory overload, panic or anxiety in busy places or has an autistic spectrum condition. The quieter sessions may change during selected school holidays, so please check with us to avoid disappointment.
