Class Descriptions

Tiny Tumblers: for crawlers to 3 years

Tiny Tumblers is a parent participation session that encourages social and motor skills, co-ordination, strength, flexibility and physical skills such as movement, balance and control, using some gymnastics to help physical development.

Little Tumblers: for ages 2 to 5 years

Little Tumblers gymnastics is an active way to learn. Classes include games, gentle stretching and use of gym equipment to improve co-ordination, strength and flexibility, along with important physical skills like movement, balance and control.

During all pre-school courses coaches are present to guide the session and ensure the safety of the session while children are supervised by a parent or carer.
