 - **Appendix 6 – Dwelling Supply:** Housing Supply from Communal Accommodation

Introduction

Paragraph 78 of the revised National Planning Policy Framework (NPPF), published December 2024¹, requires Local Planning Authorities to identify and update annually:

“...a supply of specific deliverable sites sufficient to provide a minimum of five years’ worth of housing against their housing requirement set out in adopted strategic policies, or against their local housing need where the strategic policies are more than five years old. The supply of specific deliverable sites should in addition include a buffer (moved forward from later in the plan period) of:

- a. 5% to ensure choice and competition in the market for land; or*
- b. 20% where there has been significant under delivery of housing over the previous three years, to improve the prospect of achieving the planned supply; or*
- c. From 1 July 2026, for the purposes of decision-making only, 20% where a local planning authority has a housing requirement adopted in the last five years examined against a previous version of this Framework, and whose annual average housing requirement⁴² is 80% or less of the most up to date local housing need figure calculated using the standard method set out in national planning practice guidance.*

At the time of publication, the adopted Local Plan and the housing requirement set out in its strategic policies is less than five years old. The supply of sites in this document is therefore based on demonstrating housing supply against the strategic requirement in the adopted plan.

The following statement sets out the council’s up-to-date position based on monitoring data for the 2024-25 period. It takes account of the housing requirement set out in the adopted Local Plan, the supply of sites and evidence of delivery. It should be read in conjunction with the council’s approved development plan².

At the time of writing, the council’s development plan consists of **The Chesterfield Borough Local Plan 2018-2035 (adopted July 2020)**.

The Local Plan was adopted in July 2020 and the Council was required to demonstrate that the Plan provided a specific, deliverable supply of sites sufficient for five years (with, at the time, a 20% buffer for persistent under-delivery).

The Housing Statement is set out in four parts:

- 1. Housing Delivery monitoring**
- 2. The Housing Requirement**
- 3. The Housing Supply**
- 4. The overall Five Year Supply position**

¹ [National Planning Policy Framework](#)

² [Chesterfield Borough Council Local Plan 2018-2035](#)

1. Housing Delivery Monitoring

Throughout the 2024/25 financial year **345 (net) new dwellings** were completed. This is calculated using the following formula:

$$\text{Net dwellings} = (\text{New Build Completions}) + (\text{Net Conversion to Residential}) - (\text{Demolitions})$$

This exceeded the Housing Need target of 240 dwellings per annum set out in the adopted Chesterfield Borough Local Plan 2018/2035 (adopted in July 2020).

Details of sites under construction are set out in Appendix 1.

Table 1 - Housing Completions by Year:

Year	Net Completions
2011/12	51
2012/13	150
2013/14	148
2014/15	184
2015/16	206
2016/17	123
2017/18	110
2018/19	212
2019/20	304
2020/21	276
2021/22	379
2022/23	373
2023/24	386
2024/25	345

Housing Delivery Test

The Housing Delivery Test results for the monitoring period ending in 2023 was published in December 2024³.

Table 2 - Housing Delivery Test Results (2023 measurement)):

Year	2020/21	2021/22	2022/23	Total
Homes Required	152	226	228	606
Homes Delivered	247	379	370	996

On this basis the Chesterfield is demonstrating over 164% on the Test and is not showing 'persistent under delivery'.

³ [Housing Delivery Test: 2023 measurement - GOV.UK](#)

2. Housing Requirement

In order to meet the housing needs of a growing population and expanding economy the *Local Plan 2018-2035* seeks to deliver a minimum Objectively Assessed Need (OAN) of 240 new dwellings per year, (4,080 dwellings over the period 2018 to 2035) as set out in policy CLP1 of the Local Plan

The current Local Plan was adopted in July 2020 it and its policies are less than five years old. Therefore, according to paragraph 78 of the NPPF, the council's housing requirement for five year supply purposes must be based on the housing requirement set out in adopted strategic policy CLP1 (240 new dwellings per year).

The NPPF requires a further 'buffer' to be added to the target as determined by the most recent Housing Delivery Test (HDT) results. The latest HDT results (see above) show performance of 164%; this does not qualify as 'persistent under-delivery' and therefore a 5% buffer should be added to the Housing Target in line with paragraph 78 of the NPPF.

Five Year Housing Target

The calculation of the borough's five-year housing supply requirement is set out in Table 3, below.

Table 3: Five Year Housing Requirement	
Local Plan OAN (annual)	240
Five year target (240 x 5)	1,200
Buffer	5%
Five Year Housing Requirement	1,260

3. Housing Supply

The Revised NPPF definition of ‘deliverable’ is set out in the Glossary in Annex 2 of the Framework.

“To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within 5 years. In particular:

- a) sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).*
- b) where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.”*

Planning Practice Guidance sets out guidance on what should be considered ‘Clear Evidence of Delivery for the second category, this evidence may include⁴:

- *current planning status – for example, on larger scale sites with outline or hybrid permission how much progress has been made towards approving reserved matters, or whether these link to a planning performance agreement that sets out the timescale for approval of reserved matters applications and discharge of conditions;*
- *firm progress being made towards the submission of an application – for example, a written agreement between the local planning authority and the site developer(s) which confirms the developers’ delivery intentions and anticipated start and build-out rates;*
- *firm progress with site assessment work; or*
- *clear relevant information about site viability, ownership constraints or infrastructure provision, such as successful participation in bids for large-scale infrastructure funding or other similar projects.*

The sites that make up the supply for the borough are set out in appendices 1 to 6. Evidence for the delivery of sites with outline permission for major development, allocations in the Local Plan, sites on the Brownfield Land Register, and communal accommodation that is considered deliverable within five years.

To calculate the number of dwellings these sites are likely to provide within a five-year period, the following assumptions have been used where a site-specific trajectory has not been agreed with the developer. These are based on the assumptions set out in the council’s

⁴ [Housing supply and delivery - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/housing-supply-and-delivery) Paragraph: 007 Reference ID: 68-007-20190722

adopted Land Availability Methodology⁵ and were tested and confirmed at the Local Plan Examination undertaken in 2019.

Table 4 – Build Rates:

Site Status	Timescales	Site Size/ no. Dwellings		
		<50homes	50-200 Homes	>200 Homes
Under Construction (applied to remaining capacity)	Lead in time	NA	NA	NA
	Build rate (per annum)	15	30	50
Full pp/Reserved Matters	Lead in time	1 year	1.5 years	2 years
	Build rate (per annum)	15	30	50
Outline planning permission	Lead in time	1.5	2	2.5
	Build rate (per annum)	15	30	50
No planning permission (allocations and LAA sites)	Lead in time	2.5	3	3.5
	Build rate (per annum)	15	30	50

Monitoring of housing supply was undertaken during April and May of 2025, using a range of sources including CIL records, interviews with developers and site visits.

Table 5 - Housing Supply 1st April 2025:

Supply of Sites Deliverable within Five Years	No. Dwellings
Remaining Commitments on Sites Under Construction	812
Detailed Planning Permission & Outline Permission for less than 10 Dwellings	250
Outline Permission for Major Development	478
Allocation in Local Plan without Planning Permission	88
Brownfield Land Register Sites	0
Communal Accommodation	12
Total Housing Supply	1628

The council can currently demonstrate a supply of dwellings deliverable within five years from all sources of **1,626** dwellings.

⁵ <https://www.chesterfield.gov.uk/planning-and-building-control/planning-policy-and-the-local-plan/land-availability-assessment.aspx>

4. Five Year Housing Land Supply Position (As of 1st April 2025)

The following table sets out the five-year land supply position for Chesterfield as of April 2024, prepared in accordance with the requirements of paragraph 77 of the NPPF (December 2023).

Table 6: Five Year Supply Position 1 st April 2024	
Housing Requirement	1,260
Housing Supply	1,628
Shortfall / Surplus	368

This is equivalent to a housing supply of **6.46 years** based on an annual housing supply target of 240.

Housing Supply ÷ annual target = supply in years

$$1,628 \div 240[\text{plus } 5\%] = 6.46$$

The Council's stated position is that it is currently able to demonstrate a supply of specific deliverable sites sufficient to provide a minimum of 5 years' worth of housing against the housing requirement set out in the Chesterfield Borough Local Plan 2018-2035.

5. APPENDICES

- **Appendix 1** – Sites Under Construction as of 1st April 2025
- **Appendix 2** – Dwelling Supply: Sites with Detailed Planning permission, and outline permission for non-major development as of 1st April 2025
- **Appendix 3** – Dwelling Supply: Sites with Outline Permission for Major Development and Evidence of Delivery as of 1st April 2025
- **Appendix 4** – Dwelling Supply: Local Plan Allocations without planning permission as of 1st April 2025
- **Appendix 5** – Dwelling Supply: Brownfield Register Sites (without planning permission or Local Plan allocation) as of 1st April 2025
- **Appendix 6 – Dwelling Supply:** Communal Accommodation Committed as of 1st April 2025.
